// <p>As an official model for Atlanta Custom Wraps, Megan Lyda has been given the daunting task of posing with the ACW C7 Z06 Corvette for a photoshoot by D. Felix Photography.♦ In the background, you have one of the most striking C7 Corvette's in the country.♦ Wrapped in Atlanta Custom Wraps blue with just the right amount of black accents.♦ The Vette features an RK Sport Rear Diffuser, GS Creations clear marker lights and Vetestetics halo head lights.♦ This Z06 sports "OVRK1LL" on the Georgia license plate, not just because of its wild appearance but because of the 1100+ horsepower without the Nitrous Express direct port kit!♦ In front of the Vette, you have Megan Lyda.♦ Meg is a gorgeous 5'4" tall blonde from North Carolina that can bang gears in her 2005 Roush Stage 2 Mustang.♦ This battle is too close for us to call, so we will let you decide...</p> <p style="text-align: center;"> // </p> <p>The ACW Z06 started off with an LMR Stage 2 Build including a custom cam, LMR balancer pulley, American Racing long tube headers, LMR breather, MSD Wires, full Corsa exhaust, Flex Fuel system and a fuel pump upgrade.♦ It quickly became clear that the factory blower was maxed out at 754 rear wheel horsepower.♦ While 754 horsepower to the wheels is definitely impressive, it wasn't going to cut it for Project OverKill.♦ ACW then partnered with Nitrous Express to help this project live up to its name.♦ With the help of a NX Throttle Body plate kit with dual bottles they were able to be the first C7 Z06 Corvette to crack the 1000 rwhp mark!</p> <p style="text-align: center;"></p> <p style="text-align: left;">Being the first to 1000 horsepower still wasn't enough for ACW and OVRK1LL, they decided to take the car to SEMA 2015 and wanted to take the build even further.♦ They brought in their friend Tim Lynch of Lynch Mob Racing partnered with Procharger and Nitrous Express to get them to the next level.♦ A Procharger F-1R blower was installed along with a custom direct port Meth Injection system along with a Direct Port Nitrous Fogger from NX.♦ ACW tells us they are keeping the exact power numbers on the DL for now, but the Z is making over 1100 horsepower with 24lbs of boost and without the spray.♦ The NX Fogger setup is plumbed for 400hp on top of that!♦ They finished everything off with an RPS Twin Disk Carbon Clutch and a set of 18" Mickey Thompson tires on Custom Forgeline Wheels.♦ ACW has a track rented out at the end of the month for some private testing so keep an eye out for the results and final numbers coming soon!</p> <p style="text-align: center;">

Now back to more about 22 year old Megan Lyda. ♦ Megan, or "Megs_Roush" as she's know on Instagram, tells us that ever since she was a little girl she has wanted a Mustang. ♦ "They were what grabbed my attention, and I knew I wanted one," says Megan, "I'm not sure how that happened considering my entire family are Chevy fanatics." ♦ She owned three different cars before she could finally afford to buy her Roush, but she worked her way up to finally owning a Stang. ♦ Her Roush was previously owned by her boyfriend who sold it to her when her picked up a supercharged 2013 5.0 Mustang.

Here is the rest of our interview with Megan Lyda: <p style="text-align: left;">SR: What was your first car?
Megan: It was a 1997 Toyota Camry.</p>

<p style="text-align: left;">SR: What do you currently drive?
Megan: I have a 2005 Roush, Stage 2 Mustang. ♦ It has Steeda Wheels, Trufiber Cowl Hood, Hurst Short Throw Shifter, Pypes Off-Road X-Pipe, Eibach Lowering Springs. ♦ The lights are all from Raxiom and I am getting it wrapped this month by Atlanta Custom Wraps.</p>

SR: If ShockerRacing was going to pay for any one mod to your car no matter what the cost, what mod would you choose?
Megan: A supercharger of course! The more horsepower the better!</p>

<p style="text-align: left;">SR: What is your dream car?
Megan: I am in love with the C7 Z06's, especially after getting to spend some time with OVRK1LL!</p>

<p style="text-align: left;">SR: If you could take your dream car and go anywhere in the world, where would you go?
Megan: I would head straight to the Autobahn in Germany.</p>

<p style="text-align: left;">SR: How did you get involved in the car scene?
Megan: Besides growing up with a family of Chevy fans and always having a love for Mustangs growing up, my boyfriend and I started going to local car meets, cars and coffee and Mustang Week. ♦ Going to different car meets was something we could do together that we both really enjoy.</p>

<p style="text-align: left;">SR: What modeling experience do you have?
Megan: I just recently became an Atlanta Custom Wraps official model. ♦ Before that, it was just fun shoots with Olivia Hart at Mustang Week. ♦ Other than that I did a photoshoot with Chromalusion
