Cas known as @dark_392 on Instagram. Angie has known Cas since 2017. When they met in a car club. Cas owns a 392 Dodge charger and he was one of Angie's first car shoots ever!

Cas had a brand new lens to test for the event. We are so excited he got these awesome shots of Angie during the event. Angie told us they walked around checking out the amazing vehicles at the event and took some candid shots for us to share. We love them!

If you are a car enthusiast you know a thing or two about Cars and Coffee. Typically C&C meets are held monthly by various towns. This Cars and Coffee is a monthly meet held in Southlake, Texas at 8am-10am. Angie told us she used an app called Park Up Front (@parkupfront) to find meets for car enthusiasts locally to her. You download the app and literally create a garage. It's super neat! Then you can plug in your location and find meets near you. I go every month and get to park up next to my other truck friends. We roll out to meets almost every weekend. Angie tells us, Afterwards we always grab a bite to eat and have a good time. We love to hear that!

Catch Angie at her next event Import Face Off in Ennis, TX on November 3rd. Which, if you know Angie, this is her favorite event of the year. She's won a few awards there like 2017 Best Domestic Truck and 2019 Best Female Build. We are excited to what she brings home this
